The Jacksonville Classical Way

The mission of Jacksonville Classical Academy is to sharpen the minds and cultivate the hearts of students, through a content-rich classical education in the liberal arts and sciences, with instruction in the principles of moral character, civic virtue, and knowledge of truth.

-  Traditional American Education
-  Tuition-free public school with a focus on civic virtue
-  Content rich, proven curriculum
-  Learning driven by wonder and joy

Education Changes Everything

Charter schools in Florida are funded on a per pupil basis. We receive about two-thirds the per-student funding of traditional public schools. When you donate to Jacksonville Classical Academy, you are investing in the education and values of the next generation. Children are offered a content rich, proven curriculum. Civic virtue and moral education are infused back into the classroom. Our children and community thrive. Your support allows us to carry out our mission in the city of Jacksonville and ensure that all children in Duval country have access to a classical education.

"When my son started attending Jacksonville Classical Academy, everything changed. Suddenly, he was engaged in the classroom and excited to go to school every day. I love how quickly I was able to get involved as a parent and am thankful to be surrounded by so many families who share our values. We came for the curriculum and stayed for the community."
