

LIANE BARKER

ASSISTANT CHEERLEADING COACH

Liane Barker serves as the Assistant Cheerleading Coach and is proud to be part of the growing cheer program at Jacksonville Classical Academy. Having cheered throughout her own school years, Liane has always had a love for cheerleading and the confidence, teamwork, school spirit, and friendships that come along with the sport.

As a mother/step mother of three students at JXC, Liane has a special connection to the school and its community. She is a dedicated and involved parent who values creating positive experiences for students both inside and outside of the classroom. Stepping into the role of assistant coach has given her the opportunity to combine her love of cheerleading with her passion for encouraging and supporting young athletes.

Liane believes cheerleading is about much more than what happens on the sidelines. She hopes to help each athlete build confidence, learn the importance of teamwork and commitment, and feel supported as they grow both as cheerleaders and as young women.

Outside of cheer, Liane enjoys spending time with her husband and their three children and being involved in their school and activities. She is excited to work alongside Coach Havener and help continue building a cheer program that the athletes, families, and Jacksonville Classical Academy community can be proud of
